
Diviner Foundation Dataset RDR Documentation

Release 0.1

K.-Michael Aye

Jan 10, 2019

Contents

1	rdrpy	3
2	file_utils	5
2.1	DivObs	5
2.2	RDRXReaders	5
3	Black-body temps	7
4	Ground calib graphics	9
4.1	Overview	9
4.2	Sensors	9
5	Indices and tables	11

Contents:

CHAPTER 1

rdrpy

Works with testdata range in feidata/DIV:instTestRdr/data

2.1 DivObs

DivObs class gets you from 1-h block to either previous or next one, plus some date and timestring related features.

2.2 RDRXReaders

The RDRX (R,S) readers read in the wide data tables from L1 and L2 data that will be merged with the new RDR data.

Black-body temps

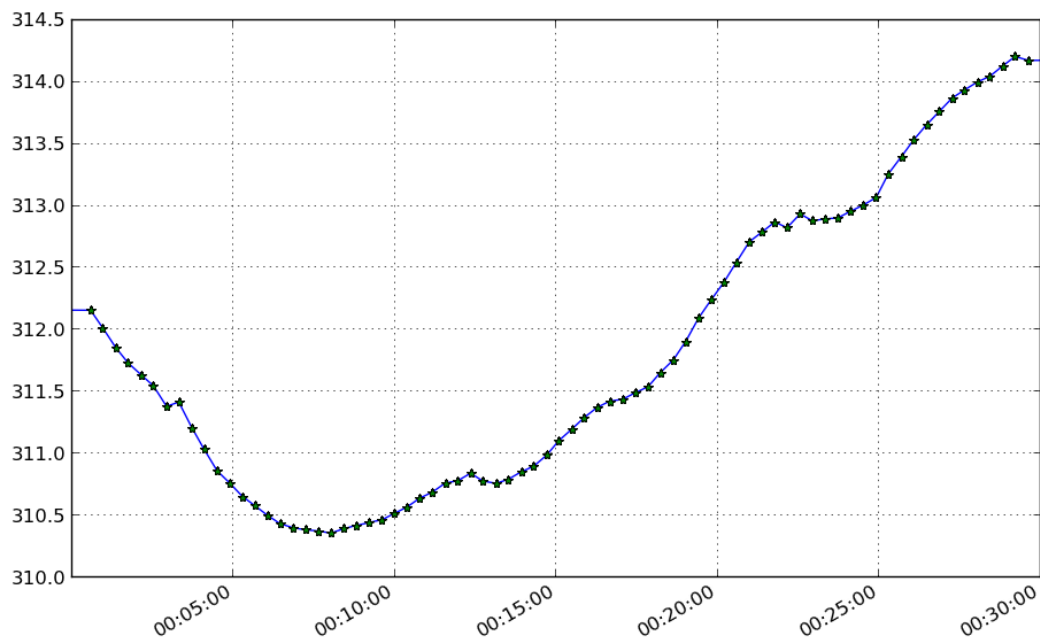

Fig. 1: Temperatures of the BB2 black-body over 30 minutes

4.1 Overview

Fig. 1: Overview of the ground calib layout

4.2 Sensors

Fig. 2: Sensors on fixed temperature baffle

Fig. 3: Sensors on variable temperature baffle

CHAPTER 5

Indices and tables

- `genindex`
- `modindex`
- `search`
